DECLASS REVIEW by NIMA/DOD

22 November 1960

MEMORANDUM FOR: [REDACTED] Chief, TSD/APB/AS

SUBJECT: Hi-Oblique Rectification Equipment

1. It is requested that [REDACTED] be notified to proceed with the manufacture of the two additional rectifiers and the one remaining 2X reduction printer. 25X1A

2. Initial testing of the prototype rectifier and reduction printers has been made at [REDACTED] 25X1A

3. [REDACTED] is aware of those changes already deemed necessary for the prototype equipment, and these will be made without additional charges to the Government. 25X1A

4. It is felt that the time saved by instructing [REDACTED] to proceed at this time more than offsets the possibility of additional insignificant change in the prototype design specifications. 25X1A

[REDACTED]
Chief, TSD 25X1A
